MEMORANDUM FOR:

ATTENTION:

SUBJECT:

Prospectus of the Research Project

50X1

50X1

1. This is in reply to yours of 24 September in which you inquire about the Government's interest in project proposal.

50X1

2. In the first post script of your letter of 2 August, you said you were sending us a 130-page memorandum by on the following day. I circulated copies of the 4 page prospectus with an indication to the recipients that it would be followed by the longer memorandum. I guess I have neglected to remind you that I am still awaiting the longer document. If you sent it out in August I fear it has been lost and we should trace it. Please let me know what the situation is so I can check on it at this end.

50X1

CLAUDE E. HAWLEY
Office of the Special Assistant
to the Director
for Planning and Coordination
